

DISINFECTANT & CLEANER

Myco on EPA's List N

The EPA currently has a "List N: Disinfectants for Use Against SARS-CoV-2" that lists products that meet the EPA's criteria for use against the SARS-CoV-2, the cause of COVID-19. These products have EPA Registered kill claims for Human Coronavirus and/or small non-enveloped virus. (The EPA and CDC state that if an antimicrobial product can kill a small non-enveloped virus it should be able to kill any enveloped virus like SARS-CoV-2)

To see if a product is on the list, **search by entering the first two sets of its EPA registration number** into the search bar.

Myco MC Disinfectant's EPA Registration Number is **10324-80-87919**.

"Myco" is our brand name. You will find our registration listed under "Maquat 5.5M" and has our same EPA Registration prefix of **10324-80**.

Example of Search Results on EPA's List N:

List N: Products with Emerging Viral Pathogens AND Human Coronavirus claims for use against SARS-CoV-2				
EPA Registration Number	Active Ingredient(s)	Product Name	To kill SARS-CoV-2 (COVID-19), follow disinfection directions for the following virus(es)	Contact Time (in minutes)
 10324-80	Quaternary ammonium	Maquat 5.5-M	Human coronavirus	10
